SUMMARY

Committed and accomplished IT specialist dedicated to providing effective solutions. With a wealth of experience in web development, I have honed my skills through work with Python, Django, Flask, Docker, Google Cloud, and crafting Restful APIs. I possess a strong track record of delivering high-quality outcomes and am deeply committed to client satisfaction. Moreover, I am well-versed in the Node.js ecosystem and leverage its contemporary approaches to develop and deploy comprehensive full-stack applications.

Hobbies and interests:

Philosophy, math, movies, music, tech, finances, competitive games.

EXPERIENCE

[Python Developer](#) / dZencode

March 2023 – June 2023

- Developed an automated scraping script that was emailing people from the given list.
